

Material Safety Data Sheet
According to Regulation (EC) No. 1907/2006

Printing date: 11.07.13

reviewed: 11.07.13 / Rev. 2.0

1. Identification of the substance/mixture and of the company:

– **Product identifier:**

Tradename: Premium Attractant Marten

– **Relevant identified uses of the substance or mixture and uses advised against:**

Common use: Attractant
Mode of operation: not yet determined
Exposure categories (EC): not yet determined

– **Details of the supplier of the safety data sheet:**

Hagopur AG	Phone:	+ 49 (0)8191 9472010
Max-Planck-Str. 17	Fax:	+ 49 (0)8191 9472050
86899 Landsberg	e-mail:	info@hagopur.de
Germany		

Information providing department: see supplier

– **Emergency telephone number:**

Call public emergency number
During normal office hours call company phone numbers.

2. Hazards identification:

– **Classification of the substance or mixture:**

Classification (67/548/EWG, 1999/45/EG):
According to EC Directives 67/548/EWG, 1999/45/EG not subject to declaration.

– **Label elements:**

This product is not subject for labelling according to EC directives or national law.

– **Other hazards:**

Not applicable.

3. Composition/Information on ingredients:

– **Chemical characterization**

Mixture of glycerine (plant origin), fruit essence, corn syrup, gland secretion (animal origin), essential oils and flavours

Hazardous ingredients:

Not applicable

– **Additional information:**

Not applicable.

4. First aid measures:

– **Description of first aid measures:**

General instructions:

Material Safety Data Sheet

According to Regulation (EC) No. 1907/2006

Printing date: 11.07.13

reviewed: 11.07.13

Trade name: Premium Attractant MartenRev. 2.0

In case of an accident or illness seek medical advice immediately.

We recommend showing this Material Safety Data Sheet when consulting a physician.

After inhalation:

Supply fresh air.

After skin contact:

Wash skin thoroughly with soap and water.

After eye contact:

Rinse immediately opened eye thoroughly under plenty of running water for several minutes.

Protect uninjured eye, remove contact lenses. Seek medical advice.

After ingestion:

After ingestion rinse out mouth.

– **Most important symptoms and effects, both acute and delayed**

No further data available.

– **Indication of any immediate medical attention and special treatment needed:**

Decontamination. Symptomatic treatment.

5. Firefighting measures:

– **Extinguishing media:**

Suitable extinguishing media: CO₂, extinguishing powder or water spray/ mist.

Product itself is not flammable. Extinguishing media suitable to fight against surrounding fire.

Unsuitable extinguishing media: Water jet.

– **Special hazards arising from the substance or mixture:**

Formation of carbon monoxide, carbon dioxide in case of fire may be possible.

– **Advice for fire fighters:**

No specific measures necessary.

6. Accidental release measures:

– **Personal precautions, protective equipment and emergency procedures:**

Not applicable.

– **Environmental precautions:**

No specific measures required.

– **Methods and material for containment and cleaning up:**

No specific measures required.

– **Reference to other sections:**

See chapter 7 for information on handling instructions.

For disposal of contaminated absorbent material and otherwise collected product residues see chapter 13.

– **Additional information:**

Observe official regulations.

7. Handling and storage:

– **Precautions for safe handling:**

Keep container tightly closed. Use of protective gloves and safety goggles is recommended.

Instructions for fire and explosion protection:

No specific measures required.

Material Safety Data Sheet

According to Regulation (EC) No. 1907/2006

Printing date: 11.07.13

reviewed: 11.07.13

Trade name: Premium Attractant Marten

Rev. 2.0

Advice on general occupational hygiene:

Observe the common precautions when dealing with chemicals. Wash hands before breaks and after work. Do not eat, drink or smoke during working hours.

- **Conditions for safe storage, including any incompatibilities:**

Requirements for storage rooms and containers:

Keep container tightly closed in a cool, well-ventilated place.

Precautions for environmental protection:

Observe mandatory requirements of water law.

Instructions on storage in one common storage facility:

No data available.

Storage classification (VCI (D)): 12 Non-flammable liquids

Additional information regarding storage conditions:

None.

- **Specific end uses:**

Not applicable.

8. Exposure controls and personal protection:

- **Control parameters:**

Components with threshold values that require monitoring at the workplace (workplace exposure levels): Product does not contain compounds with exposure levels for the workplace which has to be monitored.

Biological thresholds:

Not applicable.

Additional information:

Not applicable.

- **Exposure controls:**

Personal protective equipment:

Respiratory protection: Not required under normal work conditions.

Hand protection: Protective gloves

Glove material/ diffusion time of glove material:

Suitability and durability of gloves is dependent on usage, e.g. frequency and duration of contact, chemical resistance of glove material, glove thickness and dexterity. Always seek advice from glove suppliers.

Eye protection: Safety goggles

Body protection: Standard issue work clothes

- **Environmental exposure controls:**

Not specified

9. Physical and chemical properties:

- **Information on basic physical and chemical properties:**

Physical state:

liquid, viscous

Colour:

dark red

Odour:

product specific,

Odour threshold:

not determined

Material Safety Data Sheet

Rev. 2.0

pH value:	5 – 5,5
	<u>Value/Range</u> <u>Unit</u> <u>Method</u>
Change of physical state:	
Melting point/melting range	not determined
Boiling point/boiling range	not determined
Flash point (cc):	not applicable
Evaporation rate:	not determined
Ignition temperature:	not applicable
Auto-ignition temperature:	This product is not self-igniting.
Explosion risk:	Product is not explosive.
Explosion limits in air:	not applicable
Upper:	
Lower:	
Vapour pressure (20 °C):	not determined
Vapour density:	not determined
Density (20°C):	not determined
Solubility in / Miscibility with water:	completely miscible
Partition coefficient (n-Octanol/water):	not determined
viscosity, dynamic:	not determined
viscosity, kinematic:	not determined
Oxidising properties:	not determined

- **Other information:**
None.

10. Stability and reactivity:

- **Reactivity:**
No additional information available.
- **Chemical stability:**
Stable if used under appropriate use and storage conditions.
- **Possibility of hazardous reactions:**
None are known.
- **Conditions to avoid:**
Heating until decomposition.
- **Incompatible materials:**
Strong oxidizing agents.
- **Hazardous decomposition products:**
Thermal decomposition depends strongly on external conditions. A complex mixture of solids, liquids and gases (e.g. carbon monoxide, carbon dioxide) and other organic compounds is formed, if this product is burned or decomposed thermally or oxidative.

11. Toxicological information:

- **Information on toxicological effects:**

This product is a preparation according to chemical legislation. Toxicological data for the product is not available. The product was classified on the basis of the calculation procedure of the EC

Material Safety Data Sheet

preparation directive. Practical experience is not available

Acute toxicity:

No data available.

CMR effects:

No data available.

Primary irritations:**To the skin:** no irritation**To the eyes:** no irritation**After inhalation:** no irritation**Sensitisation:** Not expected to be a sensitizer.**– Additional toxicological information:**

Not applicable.

12. Ecological information:**– Toxicity:**

Quantitative data on the toxicity of the product is not available.

– Persistence and degradability:

Readily biodegradable.

– Bioaccumulative potential:

No additional data available.

– Mobility in soil:

No additional data available.

– Results of PBT and vPvB assessment:

No additional data available.

– Other adverse effects:

None are known.

– Additional information:

Not applicable.

13. Disposal considerations:**– Waste treatment methods:**

Disposal in accordance with the corresponding regulations.

– European Waste Catalogue:

N/A

– Contaminated packaging:**Recommendation:**

Disposal in accordance with official regulations.

14. Transport information:

Material Safety Data Sheet
According to Regulation (EC) No. 1907/2006

- **UN number:** No hazardous material as defined by the transport regulations
- **UN proper shipping name:**
 - ADR/RID: -
 - IMDG-Code/ICAO-TI/IATA-DGR: -
- **Transport hazard class(es):** -
- **Packing group:** -
- **Tunnel code:** -
- **Environmental hazards:**
 - Label environmentally hazardous substance: -
 - Marine Pollutant: -
- **Special precautions for users:** see Chapter 6 – 8
- **Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:** –

15. Regulatory information:

- **Safety, health and environmental regulations/legislation specific for the substance or mixture:**
This product is not subject to classification according to EC lists or any literature known.
- **Chemical safety assessment:**
N/A

16. Other information:

The information contained in this Material Safety Data Sheet is based on our current knowledge of the product and do not represent a guarantee for product characteristics and do not provide the legal basis for a contractual relationship.

EC Hazard statements as mentioned in chapter 2 and 3 (1272/2008/EG): –

EC Risk phrases as mentioned in chapter 2 and 3 (67/548/EWG, 1999/45/EG): –

Training advice:

The persons in charge of creating the Material Safety Data Sheet were instructed in accordance with EC regulations
